Reports On Remedial Learning Engagement

Remedial Classes Report from 5th May to 23rd May....
Remedial Classes is a regular practice in Bharathi College Of Education for more than five years. Remedial classes are organised to help the students who had either missed their regular classes for some reason or could not get their concepts clear in their regular classes In both the semesters all teachers volunteered to take these classes to help out the students in need. Each teacher was given the freedom to schedule a maximum of 15 lectures within the assigned period for remedial classes before each internal assessment. As in the previous semesters, the response of the students has been very enthusiastic. Most of them admitted that these classes helped them immensely in covering up the syllabus that they had missed during regular classes or in understanding concepts and improving their writing skills. These were especially beneficial for those students who were involved with cocurricular activities. The response of the students clearly suggested that remedial classes not just helped them in covering up the syllabus that was missed in regular classes but were also helpful in preparing them for exams in terms of conceptual clarity and improving writing skills.
