Report of Faculty Development Programme ROLE OF TEACHER IN SOCIAL CONSTRUCTION

DATE- 2nd -5th JULY 2022

Resource Person: Dr Arvind Kumar Maurya
Dr Sachin Kumar

A four days Faculty development programme was successfully conducted in Bharathi College of Education, on 2nd to 5th July 2022. The FDP programme received an overwhelming response with 77 participants from different esteemed institute including ours. Date wise brief Report for each of the four days FDP programme is given below.

Date: 02nd JULY 2022 (First Day) Inaugural Session

The programme was inaugurated in the morning at Multipurpose Hall on 02nd July 2022 by hands of Chief Guest Dr Tapan Kumar Shandilya, Resource Person Dr Arvind Kumar Maurya, Resource Person Dr Sachin Kumar .

In welcome speech, Hon. Principal Dr Deepali Parashar shared her views with the faculty participants that if faculty wants to develop themselves and their students, then attending such faculty development programmes would enhance their skills of teaching concepts practically. Sir further shared that it helps to improve the performance of faculty in teaching and highlighted the importance and objectives of organizing faculty development programmes. He briefed the participants about the subjects chosen for the FDP and highlighted the reasons and importance of the same. In the inaugural speech, Hon. Dr Tapan Kumar Shandilya shared his views on faculty development. He further added that this programme will provide special benefits to faculty members.

fabulous dancer of the college presented a solo performance. Group dance was performed by Minu and group. The inauguration programme ended with vote of thanks by Mr Manoj Kumar Gupta.

In the second session, resource person Dr Arvind Kumar Maurya started his discussion highlighting The modern age with its dynamic development, new technologies and advancement in different areas of life is one of the reasons why we respect and admire innovators, such as scientists, entrepreneurs, and artists so much. However, sometimes we unjustly forget the quiet heroes of progress. Those who work behind the stage, our teachers. The truth is quite simple – just like the importance of teacher, the role of teachers in society is also crucial. Without a good education and effective teachers, there is no progress in any of the key areas important for societal development, from science to art and technology. All the resource persons shared their views on the topic and vote of thanks was given by Dr Ribha Kumari. National Anthem was sung by all the members presented over there.

Date: 03rd JULY 2022
(Second Day)

Principal of the college Dr Deepali Parashar welcomed all the guests and participants on the second day. Dr Sachin Kumar started his discussion on the topic. He highlighted The position of teachers is the most delicate in that sense. They have direct responsibility and influence on what their students will become. Whether they will develop their full potential and eventually grow into people everyone will admire, or will become constrained and inhibited without the necessary knowledge, encouragement, or stimulation.

Hence, the fate of our society depends on teachers to a great measure, and that is why we need to talk about the role of teachers in society.

In second session after lunch Dr Sachin Kumar continued to deal with the same topic and elaborate it . In many societies around the world, teachers are looked upon as the individuals who can help to bring about positive changes in the lives of people. They are seen as natural leaders who can give advice on various affairs in the community. For example, in many countries in the Global South teachers are seen as key players in securing change within communities. Discussion by some of the members were made and vote of thanks was given by Dr Jalis Ahmad. The session ends with National Anthem.

Date: 04th JULY 2022
(Third Day)

On the third day, all the guests and participants were welcomed and a solo dance by Archana Tirkey was performed. IQAC Coordinator Mr Manoj Kumar Gupta addressed everyone presented over there. Dr Arvind Kumar Maurya started the day with great enthusiasm and with the topic. He stated different characteristic of a good teacher

A good teacher is a:

1. Tutor.
2. Conveyer of knowledge.
3. Role model.
4. Initiator.
5. Inspiration.
6. Keeper of knowledge and values.
7. Engine of progress.
8. Support.

In second half session Dr Sachin Kumar stated that even in adulthood, when they complete formal education, people never stop learning. They attend courses, develop professionally and change careers, and the key role in this process also belongs to teachers. Not a small number of people were influenced by teachers they had met as adults. Simply put, a good teacher has the power to broaden the perspective and improve the life, regardless of how old we are.

Therefore, when we think about great people, let us not forget that behind many of them stand armies of dedicated teachers, the discreet heroes of our progress. If we want students to obtain applicable knowledge, but also to develop positive qualities such as environmental awareness, social awareness, tolerance, altruism and respect, we need to make sure that teachers can develop without constraints, and to provide them with all the necessary resources that will allow them to do their job as best they can.

Date: 05th JULY 2022
(Fourth Day)

On the last day of the program all participants and resource persons were welcomed by the Nagpuri Dance group . Mr Manoj Kumar Gupta addressed the program. Dr Arvind Kumar Maurya stated that Teachers are seen as key actors of change within programmes and projects on global learning. But all too often they are regarded in an instrumental way or as promoters of some form of ideal global teacher. Evidence from the UK and elsewhere suggests that if a pedagogical approach is taken to the role of teachers within the process of learning, then three distinct locations of teachers as change agents can be identified. These are as change agents within the classroom, within the wider school, and within society as a whole. Resource Person invited some of the participants to share their views about the program and their gain through this FDP. The session was concluded with certificate distribution and token of respect to the resource persons who invested their time to make this program a successful one. Vote of thanks was delivered by Mr Vivek Kumar

Lastly, National Anthem was sung by all and feedbacks were collected by all the people present over there.

The following feedback was received from the participants:

1. 90% of the participants felt that the delivery and presentation of the resource person was good.
2. 85% of the participants were of the opinion that the FDP brought practical knowledge of the subject in them.
3. 92% of the participants felt that the FDP was coordinated very well.
4. Participants felt that such FDP should be arranged regularly.
