

Policy Document On Environment and Energy Usage

The Environment and Energy usage Policy of Bharathi College OF Education is to manage energy in such a systematic way so as to minimize its impact on the environment. The policy implies to explore the renewable energy resources to reduce the burden of the government and to find out alternate resources as solutions to the energy crisis. This environment and energy policy is binding for all the components of the institution and applies to all its stakeholders and to the various activities undertaken by the institution. It will help us to embed efficiency and environmental awareness into our every day activities, thus helping us to realize our responsibilities and commitment to conservation of natural resources and to limit its usage. College Committee is devoted to the cause of environmental awareness, to undertake green initiatives, and to conduct green literacy programmes to save energy and to protect the environment. Policies:

- To assessour energy usage and measure its impact on the environment.
- To count CO2 emissions generated by our means of transportation -Vehicles.
- To reduce local air pollution emissions using environment-friendly vehicles, including bicycles, public transportation and use of pedestrian-friendly roads.
- To install photovoltaic solar panels for the generation of alternate energy.
- To install LED bulbs in the whole campus to save energy.
- To develop systematic waste management mechanism.
- To develop rain water harvesting unit.
- To undertake tree plantation drive.
- To take additional measures to continuously improve our energy consumption.
- To ensure the availability of necessary resources to achieve our objectives.
- To encourage use of advanced technology to minimize energy consumption , atmospherice missions and noise, particularly from our vehicle fleets.
- To train our employees and students to make them 'Go Green Specialists' and partners to plant trees each year. This policy will be communicated to the students and employees via internal communication channels, and will be made available to all the stakeholders on the institutional website. The Environment and Energy Policy, objectives and targets will be reviewed on a regular basis by the College Committees Convener and its members under the guidance of the Principal of the college.
